FAO: MR JEREMY PITT

Dear Jeremy

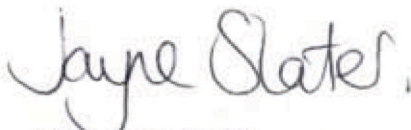

We are very pleased with the quality of work produced by Design bp Ltd. Having worked with Blakedown for a few years, you have always been extremely professional and are always available to help. When we explain our objectives, you listen to us very carefully, provide ideas and help us to decide the best plan of action to promote our company.

The many projects you have delivered from literature, exhibitions displays to website design & marketing have all run smoothly from start to finish. With great designs and professional finish, you usually exceed our expectations.

Thank you Design bp!

Yours sincerely
